

Name: Simin Zamanizadehnajari

Date of Birth: 27.8.1969

Place of Birth: Tehran/Iran

Office: Aryana Phytochemistry of Tirazis, No. 3106, First Floor, Takht-e-Jamshid Building, Science and Technology Park of Fars, Science and Technology Street, Aryan Town, Shiraz, Iran

+98(71)36 364095

+98(71)32333771

siminzamanizadeh@gmail.com

Occupational History

4.2018-Present : Chief Executive officer

3.2009-3.2018 Responsible Pharmacist

3.2005-2008

Research work at:

Max plank institute for Chemical Ecology,
07745 Jena, Germany

Research: "Designing and Carrying out of Bioassays for
Bioassay-Driven Chemical Fractionation"

10.2000-9.2002

Graduate school of Agriculture, Hokkaido University, Sapporo,
Japan.

Research Title: Natural product chemistry: Isolation and
Structural Elucidation of Antimicrobial and Antioxidant natural
compounds from Iranian Medicinal Plants.

1.2000-6.2000

Lab instructor in Science and Research Campus,
Islamic Azad University

Education:

1994-1999

Pharmacy Doctorate: Department of Pharmacy in
Azad university, Tehran, Iran

1989-1992 BSc in: Nutrition Science

1983-1987 Tohid High School – Mathematics and Physics
Diploma, Tehran-Iran

Language: Persian (mother thong), Englisch (good), German(Fair)

Publications:

- 1) Jassbi, A. R., **Zamanizadehnajari S.**, Baldwin I.T. (2010). Phytotoxic volatiles in the roots and shoots of *Artemisia tridentata* as detected by headspace solid-phase microextraction and gas chromatographic-mass spectrometry analysis. *J. Chem. Ecol.* 36, 1398–1407.
- 2) Jassbi, A. R., **Zamanizadehnajari S.**, Baldwin I.T. (2010) 17-hydroxygeranyllinalool glycosides are major resistance traits of *Nicotiana obtusifolia* against attack from tobacco hornworm larvae, *Phytochemistry*, 71, 1115-1121.
- 3) Jassbi, A. R., **Zamanizadehnajari S.**, Kessler, D., Baldwin, I. T., (2006): *A New Acyclic Diterpene Glycoside from Nicotiana attenuata with a Mild Deterrent Effect on Feeding Manduca sexta Larvae.* *Z. Naturforsch.* 61b, 1138-1142.
- 4) Jassbi, A. R., **Zamanizadehnajari S.**, Tahara, S. (2004): *Chemical Constituents of Euphorbia Marschlliana.* *Z. Naturforsch.*, 59c, 15-18.
- 5) Jassbi, A. R., **Zamanizadehnajari S.**, Tahara, S. (2003): *Polyphenolic Antioxidant Constituents from Rosa persica.* *J. Pak. Chem. Soc.* 25, 323-327.
- 6) Jassbi, A. R., **Zamanizadehnajari, S.**, Aberoomand Azar, P., Tahara, S. (2002): *New Antibacterial Diterpenoids from Astragalus brachystachys.* *Z. Naturforsch*, 57 c, 1016-1021.
